

## WIJAYA HUSADA INSTITUTE CHAIRMAN

We are pleased to present the proceedings of the international webinar titled "**Three Silent Killers (Hypertension, Diabetes, and Stroke) Management: Emergency and Health Issues.**" This seminar, organized by a collaborative effort of various stakeholders, especially the study programs involved, aimed to facilitate discussions and updates on the management of these three prevalent diseases on a global scale, with a specific focus on Indonesia, Malaysia, and the Philippines.

First and foremost, we express our heartfelt gratitude to Allah for blessing us with good health, enabling us to gather virtually for this significant event amidst the ongoing COVID-19 pandemic. Although the world continues to grapple with this health crisis, we are grateful for the positive trajectory observed in Bogor City recently.

We extend our deepest appreciation to the Head of Wijaya Husada Health Institute for their unwavering support and for graciously inaugurating this International webinar with a memorable speech. This event would not have been possible without the collective efforts of the organizing committee, whose dedication and hard work ensured the seamless execution of this seminar. We sincerely apologize for any shortcomings encountered along the way.

This proceedings document encapsulates the knowledge shared by distinguished presenters who contributed their expertise on the first day of the webinar through online article presentations. These insightful articles have been thoughtfully compiled and are presented here as a valuable resource for the wider healthcare community.

On the second day of the webinar, renowned experts from Malaysia, the Philippines, and Indonesia delivered captivating presentations in their respective fields. Their contributions enriched the discussions on emergency and health issues for hypertension, diabetes, and stroke management, inspiring participants to explore innovative approaches to tackle these silent killer diseases.

We are immensely grateful to the approximately 1,000 participants who actively engaged in this seminar, including students and healthcare observers. Their enthusiasm and valuable contributions made this international gathering truly vibrant and enlightening.

Once again, we express our sincere appreciation to all participants, presenters, and supporters who made this international webinar a resounding success. We hope that the knowledge shared and connections forged during this event will catalyze further advancements in healthcare services, ultimately benefiting patients worldwide.

May the blessings of God continue to guide and protect us as we navigate the challenges posed by the COVID-19 pandemic and work together towards a healthier future.

**Best Regards,  
Wijaya Husada Institute Chairman**
